Greetings,

OKDHS staff are offering assistance coordinating COVID-19 vaccinations for **HOMEBOUND** individuals ages 5 and older and their family caregivers. This includes coordinating an appointment for all COVID-19 vaccine doses, **PLUS BOOSTERS**. Please see the Centers for Disease Control and Prevention (CDC) guidance and recommendations below.

Getting vaccinated is one of the best tools we have to protect yourself and your family from COVID-19.

- There are currently three vaccines authorized for use.
- All three vaccines are extremely effective at preventing severe disease, hospitalization, and death.
- Side effects are normal and should go away in 1-2 days.
- It's important to continue washing your hands, distancing, and wearing a mask until you're fully protected.
